ILLEGIB

1. At our meeting on Tuesday, 9 September 1969, Mr. John [redacted] Executive Secretary, Strategic Services Unit, and I agreed on these procedures for handling correspondence and inquiries concerning OSS records:

- a. Inquiries from U.S. Government Offices will be processed through the CIA Records Administration Officer. All Agencies are aware of the OSS-CIA relationship and that the Records Officer is the liaison channel in Federal Agencies for questions on records matters.
- b. Inquiries from individuals will be dealt with directly by SSU with an information copy sent to the CIA Records Administration Officer on those cases involving records matters.

2. At present the correspondence and processing via the Agency Records Officer will be from the Chief, Support Services Staff to the Director, Strategic Services Unit. That Unit will contact the Office of Security and CI Staff on OSS matters when necessary. Replies to the U.S. Government Agencies by the CIA Records Officer will be based on the findings and recommendations the SSU provides.
